

# How to Read Your Medicare Summary Notice

Your Medicare Summary Notice (MSN) explains services and supplies that were billed to Medicare for a 30-day period. You get a Medicare Summary Notice when you get health care services that Medicare Part A or Part B covers. It's important that you check your notice to be sure you got all of the services, medical supplies, or equipment that providers billed to Medicare.

The MSN **isn't** a bill. **DON'T** pay unless you get a bill from the provider.

This official government booklet

- shows examples of what you may see on your Medicare Summary Notice, and
- helps you understand how to read your notice.

## **Electronic Medicare Summary Notice (e-MSN)**

Medicare has a new service in some areas. The electronic Medicare Summary Notice (e-MSN) is a simple and convenient way to get a copy of your MSNs. You can look at your MSNs on the web and print copies right from your own computer, 24 hours a day, seven days a week. The e-MSN doesn't replace the paper MSN currently mailed each month when a claim is processed. You will still get a paper copy.

This service is being tested in some areas to evaluate the benefit of this service before Medicare makes it available for all people with Medicare. To see if e-MSNs are available in your area, look at [www.medicare.gov](http://www.medicare.gov) on the web.

## Words to Know

**Appeal**—A special kind of complaint you make if you disagree with a decision to deny a request for health care services, or payment for services you already received. You may also make a complaint if you disagree with a decision to stop services that you are receiving. There is usually a special process you must use to make your complaint.

**Assigned Claim**—A claim submitted for a service or supply by a provider who accepts Medicare assignment.

**Assignment**—In the Original Medicare Plan, this means a provider agrees to accept Medicare's fee as full payment. If you are in the Original Medicare Plan, it can save you money if your provider accepts assignment. You still pay the coinsurance and deductible amounts.

**Benefit Period**—The way that Medicare measures your use of hospital and skilled nursing facility services. A benefit period begins the day you go to a hospital or skilled nursing facility. The benefit period ends when you haven't received hospital or skilled nursing care for 60 days in a row. If you go into the hospital after one benefit period has ended, a new benefit period begins. You must pay the inpatient hospital deductible for each benefit period. There is no limit to the number of benefit periods you can have.

**Claim**—A claim is a request for payment for services and benefits you received. Claims are also called bills for all Part A and Part B services billed through Fiscal Intermediaries. "Claim" is the word used for Part B physician/supplier services billed through the Carrier.

**Coinsurance**—The percent of the Medicare-approved amount that you have to pay after you pay the deductible for Part A and/or Part B. In the Original Medicare Plan, the coinsurance payment is a percentage of the approved amount for the service (like 20%).

**Deductible**—The amount you must pay for health care before Medicare begins to pay, either for each benefit period for Part A, or each year for Part B. These amounts can change every year.

**Original Medicare Plan**—A pay-per-visit health plan that lets you go to any doctor, hospital, or other health care provider who accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share (coinsurance). The Original Medicare Plan has two parts: Part A (hospital insurance) and Part B (medical insurance).

**Provider**—A doctor, hospital, health care professional, or health care facility.

**Unassigned Claim**—A claim submitted for a service or supply by a provider who does not accept assignment.
